Eye Wrinkles.

EWINKLES are not necessarily signs of age, though they do make a woman look older. They are often the result of strained eyesight and not infrequently of a nervous habit of frowning and squinting the eyes.

In any case, they should be guarded against if they have not made their appearance, and if they have, an attempt should be made to cure them. Now, of course, a certain few lines around the eyes are all right; they are necessary to give expression. I'm not talking of them. A three-minute inspection in a glass will show a woman whether she has "laughing wrinkles"—as these lines of expression are sometimes called—or whether she has crow's feet.

Massage of such wrinkles should be extremely gentle, just enough to stimulate the circulation of the blood, never enough to pull or stretch the skin. It should always be with cold cream. And even the cream should be special sort, made with olive or almond oil. Ordinary creams, made with white mineral oil, are of no use.

at all; the vegetable oils are the only nourishing kind.

The best treatment is this—wash with very warm water, so as to bring the fresh blood to this part and also to open the pores for the cream. Then after wiping the skin, rub in a little of the nourishing massage cream, or rather, put it in—putting in even better than rubbing. Whatever rubbing

motion is made, should be from the eyebrow around the outer edge of the eye, and inward to the nose. If you'll keep this part of the skin well fed with a good cream, you can positively ward off wrinkles for many years—for a dry skin wrinkles sooner.

End the treatment by wiping off the surplus cream and rubbing the skin with ice or washing with very cold water.

Questions and Answers.
Mrs. R. H.—What you want to do is to take the fur collar off that coat and throw it away, and never buy a coat from that special place again. The fur has evidently been cheaply dyed, with what chemicals you cannot tell. To get the stain from your neck, use cold cream or plain lard, and let it soak into the skin before you use soap and water. And always wear a white collar between the skin and the collar of your dress or coat.

But there have been cases where badly dyed fur, or fur cured under unusual conditions, has produced serious infection. That's why I am urging you to be so careful.

Lillian—You are almost 15 pounds underweight. The best way to gain would be to drink four glasses of half milk and half cream a day, or four eggs-and-milk drinks a day. The thinness of the leg should not bother you, as far as appearance goes; the new skirts are more than ankle length, and cover up the leg.

BLACK-DRAUGHT A FAMILY MEDICINE

Some Kind of Stomach Trouble With Cramps and Terrible Pains Made This Oklahoma Man's Life Miserable Until Black-Draught Relieved Him.

Chickasha, Okla.—Mrs. J. W. Walker recently said this: "We use Black-Draught as a family medicine and think it is the only liver medicine made. My husband makes it up and uses it as a tonic as well as a laxative. I use it for headache, sour stomach, a full heavy feeling after meals, which I suppose is indigestion, and it certainly does me a lot of good."

My husband had some kind of stomach trouble—we don't know just what. It would strike him just any time in the day and cramp or pain him just terribly bad. Someone told him how to make a tea of Black-Draught, which he did. It did him so much good, it removed the cause and cured him. Since then we have praised the Black-Draught to our friends, and gladly so."

Seventy years of successful use has made Black-Draught a standard, household remedy. Every member of the family at times needs the help that Black-Draught can give in cleansing the system and preventing or relieving the troubles that come from constipation, indigestion, lax liver, etc.

Try Black-Draught. Sold by all druggists.—Adv.

14 Years Ago Today

From The Herald of This Date, 1902.

Russian diplomatic circles the opinion is quite generally expressed that the assassination of the czar's uncle yesterday may be followed by a decision of the government to conclude peace. The strike is spreading over Russia and more assassinations are being perpetrated. There is a great fear felt for the safety of the emperor and the royal family.

The business man's excursion to Mexico left yesterday afternoon at 5 o'clock. A. Mathias is chairman of the finance committee. There were 50 people in the party and the trip will extend over a period of 10 days.

The snow which began falling 26 hours ago continued until this morning and as a result everything was deeply covered in a mantle of white. A thaw came this morning, however, and the snow was almost melted. Wet weather of the past two weeks has thoroughly soaked the ground and the sunning year promised to be a good one for cattlemen.

According to C. F. Karna, civil engineer of the Sierra Madre, the Yaquis are getting their first dues from the Yaquis. He had in his possession pictures where they had strung many of them up to trees for murders they had committed. A few weeks before they were captured by Mexican troops.

J. S. Antenucci, who is well known in the southwest, is back in El Paso, after an absence of two years in Mexico and Alaska. While in Mexico, he lost all he had and came out \$12,000 in debt, but after a year in Alaska, he has returned to this city with a stake made by superintending some railroad construction in that country.

Mrs. Nellie Helles is in El Paso today en route to Dallas, where she will present a concert. She arrived from Albuquerque this morning in a private car, which will be transferred to the Texas & Pacific train tonight.

Col. W. C. Greene, distinguished miner and capitalist, and his party, arrived in his private car, "Starlight," this morning at 9 o'clock attached to the Rock Island train. His car was immediately switched to the Southwestern yards, where it was attached to the outgoing Southwestern flyer.

The party left at 8:45 for Cananea, where the properties in that district will be inspected. A committee of El Pasoans, composed of A. P. Cole, Jr., H. Morehead, Joseph Magoffin, J. A. Smith, H. R. Stevens, Richard Cullen, J. Kraskauer, Jr., J. R. Rimmens, R. P. Hammett, W. W. Turney and Chas. De Croft was appointed to call upon Col. Greene.

Because of the peculiar arrival of his train, as a result of the blocked condition of the roads, the entire committee could not be brought together to make the call.

John W. Slater, capitalist and man of affairs, breakfasted in El Paso this morning. He arrived in his private car, "President," in which he is traveling over the Southern Pacific system. Although he was in the city several hours, he did not stir from his car.

A fresh bunch of vases was dealt with this morning, all of which either pleaded guilty or were convicted. They were sent out of the city with orders to continue their way over the snow to some other section of the country.

Wm. W. Sawyer, of Washington, D. C., representing the bureau of census, is in El Paso preparatory to beginning a systematic enumeration of El Paso's manufacturing enterprises.

According to the card index, Mr. Sawyer states that there are approximately 100 factories in this city.

The market today shows silver to be 67; lead \$4.55 to \$4.60; copper 15 1/2; steels \$2.75 to \$2.79; sheep \$4.50 to \$5.50.

FIELD ON THEFT CHARGE.

Policemen a complaint made by Mrs. Gertrude Malin in the county court. Gertrude Malin, a woman, was arrested Tuesday by deputies from the sheriff's office, on a charge of theft of property under the value of \$50. According to the complaint two articles of clothing were taken.

FIRE TAKES FIRE.

A burning fire at a residence in the 2500 block of Hill street caused a still alarm to be turned in to the fire department Tuesday afternoon. No damage was done by the flames, the fire being confined to the fire.

Hogwallow Locals

ON account of the scarcity of ink, some of the things in the Tickville Tidings this week just barely did happen.

Not having had anything to complain about in the complaint column of the Tickville Tidings for several weeks, Atlas Peck yesterday wrote an article on bad roads. Having friends on both sides of the subject, he refrained from using his real name.

Fletcher Henshaw will probably leave in a few days for Texas, in order to be near the oil wells, he having bought a share of stock in one last week.

... and at the Waldorf-Astoria

A fact:

The Waldorf in New York is but one of the many hotels all over the country, where Fatima is the largest-selling cigarette. The same thing is true, for example

- at the Astor, New York, where over 200,000 Fatimas are sold every month;
- at the Willard, in Washington;
- at the Gibson and the Sinton, in Cincinnati;
- at the Copley Plaza, the Touraine, the Parker House and Young's, in Boston;
- and at dozens of other leading hotels (and clubs, too) all over the country.

FATIMA

A Sensible Cigarette

NOTE—At such places as these, low price doesn't count. Fatimas lead in sales, not because of their low price, but because men PREFER them to higher-priced cigarettes. They prefer Fatima's taste; and they find that Fatimas treat them right.

GOVERNOR HOBBS PROCLAIMS

FEB. 22 AS ARBOR DAY

Austin, Tex., Feb. 19.—Governor Hobbs has issued a proclamation designating Feb. 22 as a legal holiday, to be observed as Arbor day, by the people of every community in Texas. The governor requests that each citizen of the state plant a tree on that day, and the municipal authorities are asked to direct the planting of trees in their parks and public grounds. Trustees and teachers of the schools are also requested to assemble the students and beautify the school grounds by the planting of trees.

CHIEF ENGINEER ALMOST GIVES UP WORK

Mahaffey Thought He'd Have To Stop Working, But Is Able To Stay On Job.

"To my mind Tanlac is the greatest medicine in the world," said G. E. Mahaffey, chief engineer of the Life & Casualty Building, Nashville, Tenn. "For two years," he continued, "I suffered awfully with the worst kind of stomach trouble and went down till I lost 40 pounds. My back ached terribly and I suffered so much misery from indigestion that I thought I had an ulcerated stomach and was actually afraid to eat anything but a little oatmeal and milk. I got weaker every day till I finally thought I would just have to throw up my job."

"My wife read where a man who had suffered like I was had been helped by Tanlac and she begged me to try it. I soon began to get hungry and started in to eat like I was starved. Nothing hurt me at all these awful pains in my stomach left me. I sleep fine at night now and get up in the morning full of life and energy and ready for my work."

Tanlac is sold in El Paso by Kelly & Pollard and by the leading druggists in practically every city, town and village in America.—Adv.
